cowmisfit you'd know at least who [FoD] was,

umm ok, i remember when i started playing renegade and being a ladder whore, one guy asked me to join F0D (forces of diversion) along with my buddy A0Sweeper, he said i dont even have to play clanners, but its "cool" to be together in the same clan w/e that meant, i didnt join anyway even though they gave me the join pass,

F0D is/was in the same level as PROX12 clan and thats the fact

cowmisfit o wait your one of those kids who's been playin for a few months and thinks he's the shit aint ya

if u have lost 9 out of 10 games against H20 clan, then u really shouldnt have room to talk here, and if u think u and ur friends are "shit", then lets arrange a game, lets say 10vs10 or smth?
