JavaxcxCongratulations Captain Crackshot! You've missed out on another one of life's little points. The <http://www.dictionary.com> defination of invalid is as follows:

n. One who is incapacitated by a chronic illness or disability

Now, instead of living in your one dimensional world where only literal reading exists, you can extrapolate that ILLNESS can also mean a mental illness. Or, oh my, disability? Yup, I believe that qualifies for a mental disability.

Now, instead of wondering what a valid insult to a racist bigot means, you can move on with your lives, hopefully.

believe the online dictionaries, or us, just call a hospital and ask them for yourself.

I don't condone his remarks about Canada, but what he said does, not by any stretch of the imagination, make him an invalid. Or racist for that matter. The only word that you've used that makes somewhat any sense at all would be bigot.
