Before you even start, NO I AM NOT MAKING THIS MOD, so dont bother.

Beast wars was a saturday morning cartoon when i was about 10. I recently downloaded all of the episodes and its still quite entertaining. It would make a bitching game.

Here is a clip from the show:

You can see good examples of people, tranformation probably isnt likely.

If one were to make this mod, i would probably model the Maximal and Predicon base.

EDIT: For you 56k users: here is a pic:
