Subject: an idea
Posted by Majiin Vegeta on Sat, 18 Dec 2004 04:50:23 GMT

thought of this ingame and even told blazer he luaghed.. dunno if he took it seriously or not though

is it possible to create a +m like in IRC but for a single player...

!mute <player> on / off
or
!stfu <player>

would be handy for such players who dont know when to shut the fuck up.. i would normaly just kick them but.. it would be fun to learn how to write english coherntly.
