smwScottNo, I've never played the game before in my life, I just like to hang around message boards and talk about the intricate details of it.
I honestly can't tell whether you're being sarcastic or not.

smwScottYou were comparing the Ramjet to the likes of Mendoza/Sydney and Railgun/PIC.
These are both more effective at taking out lightly armored vehicles when they're in range.
No, they aren't...
