loser99well like made foreign people that dont even chat or PM in game steal my vehicles and upon gettin in them, drive them straight into the enemy base firing randomly at buildings.

Anyway loser99 - I'm a "stickler" for grammar/ spelling details as much as these dudes. However, probably like you, I realize the 'Renegade Forums' is not where I hope to get grammer lectures & intellectual stimulation. I understood the basic jest of your topic. I think this should be a place to kick off your shoes, prop your feet up on the desk & shoot the sh!t about Renegade. Occasional obscene burp, belly rub & grammar error is OK too. Formalities are unnecessary. NOW, if you're hoping to get a job here or something (unlikely :rolleyes:), then you damn well better get your grammer & spelling in order!

Back to topic - Yes, I hate that crap when you attempt to PM another player & no response! For me, that typically is when I'm trying to be helpful with offering tips on game play. I'll commonly see players trying to tank battle with the camera/turret unlocked & privately suggest they try locking it. 9 x out of 10 absolutely no reply! Oh well, I'll just tank beat 'em to a pulp from then on...
As for stop playin' - I don't know...It would take a lot I suppose.
