Alright. You 56ker's win. Blazer said I have to change my sig. So there.

But I can tell you one thing. Blazer loved my Sig.

EDIT: And for you 56kers. I know my sig took tons of load time and I apolize for that. But see I liked that sig. Cause everybody in there sig has something that makes them them and represent them in some way. ACK has his plane with his catch phrase. Ultron10 has his name on his. jpeg has a very cool one. See I wanted one that represented me. Thats why i picked the Matix gif. Cause it represented me thru martial arts. And it went with my quote. But see thats ok. I guess i have to find me another animated gif that representd me in some way. I have to make sure its 250K in size like Blazer said.
