=[DT=gbull=[L]=]Not true, I hate EA, and I use Gamespy....although I wouldnt use gamespy if I wasnt in a clan. Anyhow, I usually find it the other way around, all the easy people to kill are from WOL. I can tell they are from WOL cuz they have names like ghds6736. They get a sniper, stand still, I hs them and they are like: omg h4x! geez i feel alone here amonst all the WOL ppls lol.
LOl - that's funny - as a GS player, I was thinking the EXACT same thing as gbull...It's like a whole 'nother world of players I'm not familiar with.
