^^ your a jackass , even tho it may have been dumb guess what THATS HOW IT WAS THEN, what did you expect to get on and play on speed no lag omg lik 2006 type online and graphics??

That game was great, it was a fucking master peice that made me love computers and love gaming, and most of all love command and conquer. I got lots of great memories from all those years ago playing that game. /me thinks of ol' days.
