Wow that looks good just a couple of minor points on the head/helmet. The black "band" should only go half way around the head, the "eyes" should be right under the "band", the "mouth" (grey stripped bit) should be a bit smaller. Finall the top of the helmet is too high, it looks like the Stormtrooper has Downe Syndrom (please don't take offence).

Are you going to make a Sandtrooper (Stormtrooper with the sholderpad) from this modle to be the AA unit?
