Captkurt01AircraftkillerIt looks like a badly textured box with more badly textured boxes inside of it.

new anything about modding or building in RenX you would of known that.
I somehow knew you would come into my thread and spread your un-solicited hatred.
So while I got you here, I might as well tell you about the map you clamed as yours,

mention other problems all over the place. I can't even play it. I did my own version of it, much

OK then put your miney where your mouth is show us all this supposed version?!
