SEALYES, THERE ARE TWO VALID SIDES TO THIS ARGUMENT. JUST BECAUSE YOU ARE ON ONE END, DOES NOT MEAN THE OTHER END IS "IGNORANT."

I dont really know where i stand on this issue, because SEAL is right, there are two Valid points. Although it is right 91% of the time, that 9% of inaccuracy means alot in historical terms. Think about how much different it would have been if Gore were elected instead of Bush. Too horrible to think about for me.
