Ty, I can't say that I'm not happy with the work that he did, but like you said, that banner is quite the annoyance. He never said that I can't remove it, but he does request that it stays there.

Also, Apocalyptic Media will gladly build a web site for you. We guarantee you that we will beat FreeFlow's price on web design/coding.

If you want web design, come to Apocalyptic Media, but if you want anything else that has to do with coding then FreeFlow is what you want.
