cowmisfitl already told you moron, i don't record BBC news to show you , just go watch it yourself turn it off what ever algizera (how ever you spell it) that you canadians watch and turn it to BBC for a while. I guarentee you at least 2 - 3 times they will make a cheap shot on America.

O and when did i say that they don't like america because bbc said so? J_ball agree's with me as well, and im sure some others around here would too. Its not some "radical opinon" that some of you seem to think i have of the world, its a fact. Don't be blind.

OK, well speaking as a person who watches BBC news broadcasting on a more-or-less daily basis, and occasionally having the radio at work too, I can say for a fact that's bullshit.

But I'm sure, being non-British and maybe having about as much knowledge of the BBC as your average fish has of nuclear physics, I'm sure you're the authority here.
