Does anyone know of a good group of servers? I was recently playing on UNRules servers but I ticked off one of their big important people and am not ever allowed to return because of it.

I would prefer a good new maps server like the one that UNRules has.

A good CTF and/or DM and /or inf only would be good as well.

Any good server that is up most of the time would be good though.

Before I went to UNRules I was at Fastc0nn and BCServ but they both seem to have gone out of existence. Any advice?
