DeathgodxC4pRoXDeathgodSpoonyLet me get this straight, Cowmisfit.

Because you're American and I'm British, my opinion regarding the US President (which I don't think I've even expressed, but that's besides the point) is worthless compared to yours.

Because you're American and I'm British, my opinion regarding the BRITISH Broadcasting Corporation is worthless compared to yours.

I hate America for this reason.

Not all of us are like that . Just a little bit over half of the country is...

But it happens to be the half in power, so the rest of us suffer for it.

Funny. You can't include me in that ignorance group, so don't even try. I'm a Conservative and proud of it. Just because Eminem and Michael Moore side with you doesn't make you better, in fact, I laugh at those two supporting your side. I sure as hell wouldn't want those two with me.
