Subject: help!!!! how do i change the picture format?
Posted by snipefrag on Fri, 11 Apr 2003 10:39:52 GMT

I use a professional program to convert stuff called ACDsee, i think you can get it freeware from http://www.Downloads.com, but there might something on a certain P2P program begining with a "K" ending with a "A" and "aZa" in the middle but if anyone ask you didnt hear it from me
