=[DT=gbull=[L]=]ur right deathgod, so instead of protect ourselves lets let them kill us some more in our own country. :rolleyes:

Yes, there certainly are a lot of jihadis killing us in our own country. It happens so often I almost forget that it is never on the news because it doesn't happen.

9/11 isn't shit compared to our ruining of entire countries in Cold War conflicts or resource acquisition or simple political persecution.
