Quote:C) Yes i have been speaking with my parents about how they would feel if i enlisted in the Army before i go to college, they as any other parent don't wish to see me get hurt, but our family deeply supports the troops and there cause and if i wish to help they support me 100% x20. I want to serve my nation as much as i can, if i have to lay down my life to protect freedom i would do so.

I'll be a Junior in High School when im 17, Im not dropping out of school to go fight, im waiting until im done with high school.
