tanhm07Aircraftkiller I told you guys I'm a witch,

witch: n. A woman claiming or popularly believed to possess magical powers and practice sorcery.

Not totally correct. The other definition is:

witch P Pronunciation Key (wch)
n.

A believer or follower of Wicca; a Wiccan.

--

Witches are both male and female. The female only stereotype is what has been propagated by Christianity and Hollywood for the past hundred years, when in fact during the Burning Times, many men were also burned at the stake for being witches.
