cowmisfitglyde51 Maybe the French government doesn't want to go into the War of Oil, I mean War on Terror.

Only idiots say the war is for oil, idiots and people who have severe mental disorders.

Only fools say things without the evidence to back them up, cowmisinformed.

Oh, by the way, in my last post I did forget to put the line "France supports Saddam? I wonder who gave him half of his weapons arsenal. Oh yeah, 'couple nations in this coalition thing."

One could say what goes around...
