DBZ Script:

Good Dude: Oh no! There's a really big fucking guy blowing up the city! Lets go and fight right over there on that desolate piece of land!

Evil Dude: I'm so much more powerful then you! ph34r my balls of light of doom!

Good Dude: Ha'ha! I can shoot balls of light from my hands too! HAHAHAHA!

Good Dude shoots balls of light from his hands

Bad Dude does the same

Good Dude: Ha ha! I killed you!

Bad Dude: I'm still alive even though we both shot each other with balls of light that have the strenght of nuclear blasts! You are alive too! Oh wait... ERRRGUHHHH

Bad Dude dies

Good Dude: YAY! WE WIN! =D

Good Dude and Small Good Dude fly off with other Small Good Dude with Tail on amazinly odd flying cloud. Fly to planet that's about 1 square mile in area with a one room hut on it. Find Good Green Dude. Find another Bad Dude. This Bad Dude has something over his eye.

Repeat.
