About this forum Try to avoid name calling. If you believe in your stance and what you're saying enough, you should be able to state it without personal insults...

...Though these forums, and also the internet, do not guarantee you freedom of speech, American or not, you will pretty much have it in here, so long as it's not abused. You will be contacted privately if you get out of hand.

Crimson, might I suggest enforcement? cowmisfit can barely go a single post without getting crude and slanderous.
