OH MY GOD

Who the fuck really gives a shit? Do you think that by telling me that i'm going to change just to please you? No. I don't give a rats ass if I miss some apostrophes.

If you are enough of a loser to spend time and check the grammar in someone else's post, they you are a grammar Nazi.

I'm not writing a bloody essay here. I don't double check my posts, so there will be some mistakes in there. But if that bothers you, then its your own problem. DEAL WITH IT.
