IRON-FARTWhat can I say? At least he was honest.

No he wasn't honest, he posted the bighead box screenshot in the belief nobody would know what the cheat was, and after I banned him he made eleven, yes ELEVEN posts lying about his use of cheats. That is not my definition of honesty. Then once he realised it was hopeless, he spammed about ten threads with a series of pictures which crashes your IE to open the thread (Firefox unaffected).
