Funny thing that you should mention boats.

I find it fascinating that people say Jesus was the son of God, since you know that Christianity was founded on a myth, right?

As I'm sure you know that one Pope a while back killed an entire "race" of people who belived Jesus was a mortal, married father.

Oh, and in case you think I'm just pandering to your call for blasphemy...

Far as I can see, those two are true. I'll admit as of yet it's going on stuff I've read while on duty at school, so I can't paste links to it for your enjoyment,

Give me a bit of time to research it, maybe I'll even post a thread on it.

But I digress, since I can't miss a call to blaspheme.

I'm not saying you shouldn't think seriously about the army. What I am saying is that Cowmisinformed tried to get out of his claim to join the army for reasons that were getting slowly and more slowly towards what I said.

But if you end up in the army in 5 years, Cowmisfit, don't worry, you'll still get to see plenty of action in Iraq.
