Renardin, you don't think things through. Whether or not you were a part of the old team doesn't fucking matter. The fact is, it's still the C&C Reborn team that is responsible for it. I could be a new CEO of a company, and then that company that I work for gets slammed with a lawsuit for something that the previous CEO was a part of, I'M STILL A PART OF THE LAW SUIT. While attacking you individually won't hold up, attacking the entity as a whole will hold up. Just taking 2 minutes to think things through WILL save you from humiliation.

You ALWAYS need a disclaimer. We as gamers/consumers/etc... are expecting and trusting that what we buy/download is completely safe, unless, of course, there is a disclaimer stating that there COULD be a possibility of error with the installation. It's always just easy and safer to have "we are not responsible for any problems caused by the installer or the modification itself. You are downloading the modification at your own risk." Do you see how easy that was? I typed that in 20 seconds. That would have saved you (Reborn old AND new) a lot of trouble.

Stop with the fucking rhetoric. It only proves you to be an immature little prick. Attack the points, not the people. Can you seriously be that stupid to think that by insulting me, you're somehow outsmarting me? Yes, I know this point also contains some rhetoric, but yet, I still seem to be managing to make a point.

Also, since rhetoric is how you want to go about with the argument, rhetoric is what you'll get.

You are blind as a fucking bat. You only believe what your little fucktard buddies say. Guess what? THEY'RE USUALLY WRONG. Why are they wrong? Because they're fucking idiots. Not unlike yourself, Retarded6. I could go on, but you're little brain couldn't handle all the common sense. Then again, don't feel bad, most people are like that.

Because we disagree with you and actually give valid AND proven points, that automatically makes us wrong and stupid "assholes"? You're sadly mistaken, dolt. You can't seem to make a point without using some form of rhetoric. I refrained from using it before, but you're so fucking dense that insults are the only thing that will get through to you.

You "understand" very well how "gay" we can all be? What the hell is that supposed to mean? How the fuck can you understand it? Are you a homosexual yourself? You seem to be very keen on other people's sexual orientation, is that supposed to be some indication that you're a little off yourself?
