DaveGMMDon't you see your own illogic? First you say "no-one wins", then you say "But I do".

You're freaking hilarious.

And again, it's all well and good saying things after the fact, but try putting down on paper what you actually mean, instead of us trying to read your mind.

Lose at life? Who are you to make that comment?

The goal in life if you believe in anything at all is to get into the higher place after death. However no matter what you do, you lose because of your actions you take in the end.

No no no, take that back, YOUR hilarious, you and your taking everything out of context again, rofl roflr ofl you crack me up :rolleyes:
