Yeah, it's in The Bible. But, who honestly believes in every single line in The Bible? Not me.

If you don't agree with everything in the bible, the best thing for you to do is sit down, revise it, cross out everything you don't like, and add in all the shit that you think should be there.. Then start your own religion and get some followers to give you some cash as a reward for teaching them your new enlightenment.. That's how all the rest came about, no reason not to do it again.. Maybe we can make it an MLM thing.
