I have gotten the GOD character several times (like the other chap said about once a week) and then accused of using Final. One time I even got kicked.

It has some definite power as an example on Mesa I was able to walk right into base, take a obe hit (or 2) lay the Ion behind the pp (yes that comes with it) and kill like 5 peeps trying to kill me and take out the pp. I felt guilty, but it was a legitimate part of that game. I would agree Zeph it can go. I would rather use an APC and Mobi with the ION and still get the same results. (Using skill) The other funny thing about this character is it shows you a Rav's rifle but you can't get to it. Confusing.
