This is guy is just an idiot who gets pwnt in real life as well as Renegade so this is all that is left. The list he posted has to be so old and collected over a long period of time because the server that went with the Game-Spy name he listed has been shut down for over 8 months. The "L" on his forehead for "LOSER" has to just stick out.

I would lock this thread and be done with him. Entertainment over.
