[rant]I was in a CS game last night and I played 7 rounds, had 28 kills. One of the best games I have ever played, and this guy named [t0gym]pr0n came ingame and said "I like to Crash Servers!", anyways he chooses CT (The team I was on) and flys by me going 100mph(Hack for those of you who dont know) and the admin who was ingame bans him. Then the server crashes.[/end bitchfest]

Anyone else have any experiences with these guys?
