deadfivel have really good strategies for a couple of maps also as i have been playing this game since it has came out.

Maps i can tell you about:

Hourglass

field

complex

walls

and a general strategy for base assualt on any map

Spoony, if youd rather me not tell these map strategies i have because you seemed to have claimed peoples hearts, lol, tell me before i post them.

My tactic for hourglass, protest/leave and come back when the peice of crap has finished.
