We love to see you get pi\$\$ed off at us. Watch you squirm as you try to inevitably regain control of your server, we love to see how long and how much devastation we can cause. I will only talk about renegade and its affiliates in here, not any of the other things i do... Which you will never know...

WARNING:

Do NOT attempt to fuck with this individual. He has such a large E-Penis that it could gouge out your eye.

Making maphacks does not make you a cracker or hacker. Converting decimal to hexadecimal doesn't either.

I would like to know what you have hacked or cracked before. (If you have...)

Lastly, instead of trying to ruin games, wouldn't you get more enjoyment out of... Hmmmm.... actually PLAYING THE GAME?
