+MX+ (<http://www.mxagent.de>) organizes a C&C Renegade League the Renwars League (RWL).

At present the registration for the first league is running. If all teams are registered the league starts. At the moment only 2 places are free. If this 2 places filled the league begins and the registration for the second league begins. This means that you can rise and fall between the 2 leagues.

If you want to register you only need 3 members or more who play for your team. You all have to read the Rules (In english the rules are very hard to understand, because of the grammar and else....but i hope you can understand it.) If you're interested and you got time, then you can register your team for the league. But please only register your team if you got enough time to play, because YOU HAVE to play one time in a week.

All Teams had to play with a other team one times no more. For a win the team become 3 Points for a lose 0 Points. If you play a draw than u must play again a map.
