Yeah, in most places everybody just hangs out with everybody. Goths, punks, skaters, nerds, gays, lesbians, aliens, etc. all live together under one ecosystem. We're one big happy family. Of course, sometimes one person doesn't like another person and chaos forms blah blah, it's normal.

However, believe it or not, the first week of school or so, everyone is pretty much segregated. Don't believe me? try and notice it for yourself. The "gangsters" stick with the "gangsters," punks with punks, skaters smack each other in the ass with their skateboards, goths slice each other's wrists, and so on.
