You don't need to say you base your arguments on age calling. It's pretty clear that when you start going "You're simply a dumbass kid", you're not even looking at my words and just throwing away anything I say based on being younger than you (which you're still wrong about).

My point is it's pot kettle black if you're younger than me and calling me a kid :rolleyes:

Besides. I didn't bring up age. You did when you called me a kid.
