Subject: Editing strings help...
Posted by WNxCABAL on Fri, 18 Feb 2005 19:42:55 GMT

I did some string modification believe it or not yesterday

Here one of the things I did for the MoTD:

Only pissing around, but it was my first attempt of messing with the strings

All I simply did was, modify them in CLE then copy & paste the strings file into my DATA, Simple!
