:rolleyes: I come here trying to give you guys some advice, and you spit it in my face.. I'm trying to show you some tactics so that maybe we can have a few more active clans. I was bored and figured I would write a strategy guide.

Do you really want to try me? we can play a 2v2, or 1v1 any time you would like, online nickname = ArtyTrip, try me since you guys obviously have so much knowledge of the game. I'm trying to help you
