j_ball430I just can't wait until the government sues them and breaks them up into 10 different smaller companies. Happened to AT&T, and I know some time in the near future it's going to happen to EA. It shall be hilarious.

wouldnt you hate it if you had this great idea or product.. that sold so well and you were the only one who knew how to make it.. and every one HAD to buy it from you.. Monopoly!!

but then GOV says your makin too much money.. and u have to stop.. lol
it's happened to me.. only in MMORPGS tho lol

but in EA's case they can go to hell.. let them get split.. there ruining gamin imho

its funny that most of the AT&T componet companys are coming back together slowly but surly..
