Anyone who has played in a game with Ack, particularly sniping games, has seen him declare "x vs 1". I have always thought he meant that like 3 people were shooting at him at once and that's why he died. But apparently this is not so! Behold:

[@BrenBot]: TankCmdr6: 3v1
[@BrenBot]: lagos22: 3?
[@BrenBot]: TankCmdr6: You died three times, champ.
[@BrenBot]: lagos22: maybe i died 3 times
[@BrenBot]: lagos22: but it wasn't 3v1
[@BrenBot]: TankCmdr6: It's three versus one when you die three times and it's only me.
[@BrenBot]: chopperca: no that's 3 kills in a row
[@BrenBot]: TankCmdr6: 3v1

So there we have it. The real meaning of his statements is his kill ratio. LOL it's funny that I never figured that out until today
