This is complete bullshit , Now his name is reborn sucks? Who allowed this? How far is this going to go?

It's not as much of the name but as much as the admins actually changing it. It's pretty much clear that we have little to no support over here.

Another thing , It's absolutely Hilarious how on the forums over at renalert it states at the top of the modification updates:

Quote:FORUM RULES

Rules are as follows:

A: Saying you dislike something without saying why or giving a suggestion to improve is not tolerated.

B: Be thoughtful in your replies. We work hard and expect little in return except a bit of respect for our sanity.

C: Do not take threads off topic, that is what the general discussion and off topic sections are for.

Failure to abide by these rules will result in the offending post being deleted.

Look at that , He obviously doesn't want what he does to us , done to him. It's perfectly fine for him to do it to us though.

If an Admin wouldn't mind , I would like my name changed to Aircraftkiller.
