ExDeath7When have I even treated you like an asshole when you didn't deserve it? I believe never. As a matter of fact , It's quite the opposite.

Sure I could go on your forums and say all your work sucks. I don't. I could even radomly say Aircraftkiller sucks... But now I guess it would be Reborn sucks sucks.... But you know.. I don't.

Don't waste your time trying to justify yourself to that arsehole Exdeath7, he isn't worth the steam of anyone's piss. You could have never said a bad thing against him, but because you work for Reborn it doesn't matter.
