Reborn Sucks, we all know this, I do not believe there is one single person who doesn't know this as some sort of twisted fact already.

But it's like one of those bad fucking knock knock jokes that you laugh at the first time out of pity for the person who makes it since it's such an obviously fucking lame joke and by the tenth time he uses the same joke you'd like nothing more than the bash his head in.

In the C&C community, Renegade Alert (or RA:APB) is the dominant modification, the alpha male, the head honcho...

Aircraftkiller, or as you're now known Reborn Sucks, you are slowly and surely securing your position all over this community (soon enough the Source community once you actually start cracking out some work that gets noticed there) as 'That Guy'.

<http://www.urbandictionary.com/define.php?term=that+guy&r=f> There's a whole bunch of definitions for 'That Guy' right over there, and sadly enough you're starting to fill everyone of them.

This isn't because I care about Reborn or any such bullshit, it's because you're simply starting to annoy me like one of those brats who keeps whining about not having enough candy and I'd just love to gag the little bitch and tell him to stop whining or I'll take all of his candy.

If you had stopped like half an year ago with this fucking ridiculous bullshit, you would have stopped while you were on top, but from there on you've just been going downhill so fucking fast that when you reached the bottom it was a straight fucking drop and you just kept on going down.

It's not funny, it's old, you're being a FUCKING ASSHOLE about it.

See? You said it on the Renevo forums, that people should stop pussyfooting around you and just straight out tell you when you're being a nuisance or an asshole.

So in keeping to style, I am going to tell it to you in big fuckin' multicoloured letters.

YOU ARE BEING A FUCKING ANNOYING ASSHOLE WITH THE REBORN BULLSHIT.

I don't know why but the word bullshit in pink just loses like 50% of its effectiveness.
