Hey I was wondering if it was possible to get the extra EVA sounds when you kill a building and it says for example "hand of nod destruction imminent" seperately from CP1.

Also is it possible to get the sound what you get from certain servers when the building is actually killed, theres a taunt by havoc i think then it says "enemy structure destroyed".

If someone could help me i would be very grateful because i tried looking for those sounds without success and i was just wondering if it is possible to get them seperately.

Thanks. Plan
