Wow cow if you are in my country and you said that you will get beaten into pulp. And for a 16 year old I can't believe you hold such a childish mindset that all muslims are evil. For whatever you said it is as good as saying that all christians are bastards, all buddhists are bitches, and all colombines are once gun toting teenagers who go around shooting their own schoolmates and teachers. Of course we know that these aren't true, but this little motor-mouthed fool make it seem so all like it. We are so glad that the world's most "bastardised" racist/facist, Hitler is already gone for good and we don't need another standing up just because he hates muslims to the core. You guys who supported him certainly need to go for a trip to some multi-racial society and LEARN how to live with people from other races. Peace can only be obtained through compromise, not by gunning each other down. Today you may plug 9mm through that person's head, but the next day his children might come back with an RPG to blow you into pieces. And your children may proceed to drop a MOAB on their entire race's heads just because you plugged the 9mm into him another day. The foolish war never ends. Muslims have already suffered bitter humiliation when Mr Osama Bin Laden claimed that he rammed an airplane into the twin towers. They certainly don't need more humiliation from a little know-nothing facist who claims to be a so called "anti-racist" who refuse to understand even the basic concepts of Islam. You cannot make a stand FOR YOUR REASON FOR HATING A RACE when you DON'T EVEN BLOODY UNDERSTAND THE RACE AT ALL! This isn't anti-racism at all, this is purely discrimination for your own selfish reason. Already 1500 soldiers have died in Iraq while serving their duty, and they thought that they will be remembered. No way. After a century they will be forgotten despite the courage they have displayed. Thousands of suicide bombers are already forgotten in this chaotic century although they have fought for a cause. Einstein once said, "There are two things that are infinite, the universe and human stupidity. I am not sure about human stupidity." And it is certainly true as only stupid people listen to their politicians and fight a war. And now the current war we are waging is even more stupid because it is a war between two different ideologies! And this war is started by idiots who refuse to understand each other! Besides, racism is a serious issue and it is NOT a joke. Consensus, not conflict. Think about what you have read here and stop spouting hypocritical bullshit at your own leisure.
