IN WAR THEY'RE ARE CIVILION CASUALTIES, ALWAYS HAVE BEEN ALWAYS WILL BE,  
GET OVER IT.

Really? Tell me more... :rolleyes:

Please re-read my post and think about it for 2 seconds.

Go Armchair Warriors!!!

Armchair warrior - Fat alcoholic screaming at TV support for US troops for making him/her and the US a safer place.

Is it worth it to have foreign civilians die so Armchair warriors are safer?

What if Iraq knew that the US was planning to attack them and attacked the US first and killed American civilians so that Iraq would be safer?

Some food for thought.
