Quote:

If it wasn't true you wouldn't have come back with a stupid remark like that. You hate America. you're no better than the guy who says America is Satan openly and yet lives here making millions of dollars because of the support he gets from idiots like you.

You don't see that happening? You just said yourself that people at home supporting our troops or "armchair warriors" are stupid and wrong, yet you support it in the next? Pick your side John Kerry.

WOW

You are TELLING me that I hate America. You are dumber than holy shit.

Quote:

"armchair warriors" are stupid and wrong

I did not say that they are stupid and wrong. I did NOT say that supporting US troops is wrong, you asshole. Don't put words in my mouth.

I have family that were in Iraq. One of the leaders of my Clan was in Iraq. My cousin is a lieutenant in the Navy, he's set for the middle east in 2006. Another cousin a Tank Commander in the Marines already back from Iraq. Are you dumb enough to say that I did not support any of them? Do you think that I want them to die?

Don't say that I hate America, because I don't

It's one thing to hate a country, and another to question its motives. I'm glad to be doing the latter rather than blindly following a "President" into war.

Quote:

If I'm correct, it stems from the football term "armchair supporter", meaning someone who is supposedly devoted to the game but has never actually gone anywhere near a stadium. In this context, it would mean someone who's all for "bombing those damned terrorists, and too fucking bad if innocent human lives are lost in the process" but would never actually dream of joining the military.

You hit the nail on the head.
