Subject: Vis Points
Posted by Burn on Mon, 14 Mar 2005 23:57:31 GMT

Yeah, I read that on renhelp.co.uk- it's a great tutorial.

I understand that manual vis points are used to fix vis glitches, but I couldn't find anywhere on your tutorial the answer to my question- it's that if manual vis points can be used alone, or does there have to be vis points already on there.

I'll keep reading though...
