Yeah i know! god forbid there would be a easy combination for the ability, but no! it must be reserved for the mighty apple.

I know of a perfect script on the first lv for sp, but the nod buggy that its on isnt in LE, its spawned at some trigger that i cant find.

~ Right after you blow up the nod barracks and you head up the road. It follows a circular waypath and is very defensive. Perfect, i mean its a kiss of perfectness.
